

PROF. WOOD'S CITY DIRECTORY,
HAIR RESTORATIVE.
THE ONLY ARTICLE WORTHY OF UNIVERSAL CONFIDENCE!
AND THE ONLY ONE HAVING BEEN IMPROVED HOME AND EUROPEAN DEMAND! IT IS PROF. WOOD'S HAIR RESTORATIVE!

It is a fact that the hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

The hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.

Know Thyself.

It is a fact that the hair is the most important part of the human system, and its condition is a true index of the health of the system. It is the only part of the body that is visible to the world, and its condition is a true index of the health of the system.
